YASYA 24

St Thomas Institute for Science and Technology presents the 10th edition of its cultural fest YASYA'24. From its humble beginnings in the year 2015, YASYA has completely transformed into an epic extravaganza evoking the enthusiasm and attention of all the students across Kerala and beyond.

Conceived as an Intra college event during the year of its inception, YASYA soon turned into a major Inter College fest in 2017 attracting eyeballs of all the youth. It soon became talk of the town for its grandeur representation of what STISTIANS stands for. Under the banner of YASYA, we conduct numerous cultural activities presenting the youth an amazing stage to showcase their talent breaking free from the shackles and come in the limelight. Besides, the lucrative prize money lined up for these events become the icing on the cake .

The activities include Proshows and compelling competitions like Fashion show, Metronome, Quadrille and so on.

In the preceding years, we had famous celebrities and eminent personalities from the world of showbiz like Jassie Gift, Gowri Lekshmi, DJ Siana Kathrine perform on our stage and adding a glittering dimensions to it. Yasya has been able to garner the football of over 50000 students from all across kerala.

The 10th edition promises to be a celebration of fire and zeal of STISTIANS. YASYA'24 is going to be a heart throbbing spectacle never experienced before. It will set a benchmark for conducting cultural fests all across.

YASYA'24 stands for camaraderie and friendship of STISTIANS and will continue to inspire the future generations. The music, the lights, the memories we make during YASYA 24 will become part of folklore. .
